

Youth Leaders for Cadets and Badgers

We are always looking for leaders and assistants to help run the St John Ambulance youth sections.

Badgers (5-10) and Cadets (10-18) have a lively and varied programme meeting once a week at our units based in St Helier, St Martins and St Brelade.

We are looking for energetic people who can enthuse and inspire young people. No previous experience is required as training is given. However essential is an interest and ability to plan and deliver a balanced programme of personal development and training for young people through the St John Ambulance Youth programme.

More information about the youth programme can be found on our website www.stjohnambulancejersey.com/youth

If you have a few spare hours each week for further information or to apply then please contact Christine Gavey on countyhq@sja.org.je or call 507809.
